

Private Schools

Selection of a private school is a personal matter. Included in this section is basic information concerning schools within the Albuquerque area to help you with your decision. All information was taken from each school's website as written. A listing in this section does not assume a certain level of quality or a verification of information. It is strongly recommended you validate the credentials of any private institution you choose. A valuable source of information on private schools can be found on the Great Schools website at: www.greatschools.com and at the Private School Review website at: www.privateschoolreview.com.

Tuition Costs- Tuition amounts are given for informational purposes only. The tuition price listed is the advertised price on the school's website and are current as of July 2023, unless otherwise noted. There is no guarantee these are the current prices. Most schools offer discounts for a variety of reasons, i.e., multiple children in the same family attending at the same time, paying full tuition in advance, etc. Tuition costs listed include any fees, including registration and fundraising requirements.

The interactive [Kirtland AFB Schools map](#) allows you to view school locations, with options to see charter schools, private schools, and local school districts schools.

Dual Credit

Dual Credit is available to all private school high school students, it allows high school students to enroll in college courses offered by public postsecondary educational institutions such as Central Community College of New Mexico (CNM), University of New Mexico (UNM), and Southwestern Indian Polytechnic Institute (SIPI) with tuition and registration fee waived. This program provides students the opportunity to earn college credit as well as elective credit towards graduation. It is important to work with your child's school in selecting courses for the dual credit program. Your child's school may provide textbooks for these courses, if not, you are responsible for your child's textbooks. Students must pay for course specific fees and for arranging transportation to the site of the dual credit course. Upon successful completion of the course, the student will be assigned appropriate credit and the student may request a transcript to receive HS elective credit. For more information on CNM's High School Programs, visit their webpage at <https://www.cnm.edu/depts/outreach/dual-credit/high-school-and-dual-credit-programs>. For more information on UNM's dual credit program, visit their webpage at <http://advisement.unm.edu/dual-credit/>.

State statute specifically indicates that credit will be assigned as follows:

3 - 4 credit hour post-secondary course = 1 HS elective credit

1 - 2 credit hour post-secondary course = 0.5 HS elective credit

Calvary Chapel Academy is a unique and special learning environment that can be marked by three key distinctive, Christ Centered, Life Application and Student Discipleship. The primary difference between CCA and other learning institutions is God! They are convinced that a Christ centered academic approach makes math purposeful, history accurate, science true, and literature meaningful. At CCA they strive to go beyond just imparting and retrieving knowledge to developing the critical and analytical skills necessary for gaining understanding. Ultimately their goal is to regain the lost Biblical concept of wisdom. Wisdom occurs when a student, having knowledge and understanding, is trained to apply what they learn to real-life. Discipleship addresses the whole student. They are focused on raising adults who are emotionally secure, spiritually mature, intellectually equipped, and strong in character.

Elementary students are given an integrated curriculum, known as Cosmic Education. All subjects are introduced in a series of connected stories that spark the child's curiosity which help the child to classify new information in a coherent way. The stories, "The Great lessons", give the child a context for all future learning and a way of seeing the relevance in what they learn. Science and social sciences such as anthropology, biology, astronomy, geology, and history are integrated with mathematics, language, arts, and music. Montessori materials help the child to see and explore abstract concepts and concrete experiences to develop a deep understanding of complex concepts. Montessori focuses on children's learning and self-discovery, not on teachers teaching. Fostering independence is an important part of Montessori philosophy. Children work individually or in small, self-selected groups. Teachers actively observe and assess the child's choices and are ready to step in with new challenges and guide them when they are unable to choose for themselves. The Montessori children are put in charge of his/her own learning through their own exploration.

Acton Academy East Mountains is a private entrepreneurial micro school for grades K-8 that is focused on sustainability, community, critical thinking, and self-direction. This campus's outdoor-centric design makes it a unique experience. The Acton Academy believes that each child has a gift that can change the world in a profound way, in a closely connected family of lifelong learners, in learning by knowing, learning by doing and learning by being. Their school is built on two vital elements for human learning: *play* and *time in nature*. At Acton Academy East Mountains, they embrace play as the vehicle through which children learn. They believe that connecting with nature is a critical part of the human experience and that modern society is pulling us farther away from this connection with our planet. Because of this, our school is focused on nurturing this connection for learners. Being outside and learning *through* the natural world will be a foundational element of the student's experience. They will prepare students for their "Hero's Journey", a special calling in life, and a series of trials and tests that must be faced with integrity and purpose in order to live a satisfying and fulfilled life.
